Objective

Seeking to join a team of developers where I could offer my Web Development skills to help the business achieve its goals. I will do this in an efficient and productive way via continuous learning and teamwork.

Experience

App Developer | Philadelphia Tech Training Institute | July, 2017 - Present

Translated UI/UX wireframe designs into code that produced intuitive, usable, and engaging interactions on mobile and web. This was done while developing with cross browser compatibility issues in mind.

Operations Technician | Restek Corporation | Feb, 2016 - July, 2017

Worked with hazardous chemical/substances while following safe handling procedures and adhering to Restek's safety codes and regulations. Prepared, processed and manufactured chemical standards.
